Polish the car! Sign up to work! Cruise Independence, August 16th

On Saturday, August 16, CPPC once again teams up with the Central Lions Club to produce a cruise-in in Riverview Park, on the banks of the Willamette in downtown Independence.

It is our club's biggest fundraiser of the year.

It is also, hands-down, one of the pleasantest car events in Western Oregon.

You park on the grass. The river is lovely. There is plenty of shade. Restrooms are handy. There is usually a farmers' market going on at the top of the park, and right across the street, the stores, restaurants, espresso and ice-cream shops of Independence wait for

Ealys promote regular Friday event in Dayton

Pam and Randy Ealy want CPPC members to remember the weekly car-and-social event that happens in Dayton, Oregon, every Friday through Labor Day from 5-9PM.

Dayton is slightly east of McMinnville, just off of Hwy 99W, and approximately 37 miles from the Clackamas city center.

TUESDAY, JULY 22nd**

AND JOIN US!**

you. Attendees will not be uncomfortable, sunburnt or hungry at this event.

CPPC got started in Independence in 2012, after a Lions Club member approached us and asked us to show them how to produce a car show.

CPPC has done that – in spades! – and aside from being a wonderful event, it has paid off as well as any of the activities we previously did on our own.

This year, we're handing the event over to the Lions Club. We'll be on our own at Clackamas Community College in 2015.

So this is our last chance to show the Lions Club how it's done – to get their crew trained, have some fun, check out everybody's cars, and bring home some cash for our club.

There's still time to collect – or contribute – raffle prizes or sponsor trophies, and reserve your t-shirt. Sign-up sheets for work at the meet will be circulating at the July 22 meeting, and we're counting on members to step up one more time for this great event.

CPPC's August meeting is annual hot-dog feed

The August 26 meeting will be our traditional time to hang out and eat hot dogs.

The club provides hot dogs & side dishes, and members bring desserts, which usually turns out to be an extravaganza.

We gather in the parking lot at 6:00PM to look at the cars and kick the tires, and food is ready by 6:30.

Don Hufschmid will be calling Bingo numbers after dinner, and there will be prizes.

MOPAR Nationals are July 20 in Woodburn

By Dave Benfield

There's still time to join the July 20 tour to the MoPAR Nationals at Woodburn Drag Strip. It's a combination car show, swap meet, and drag race.

We probably won't race, but car show participants get to park in the pits rather than the regular parking lot. Adult admission \$15.00; Child (6 to 14) \$5.00; Child (under 6) FREE. Car Show (includes one adult admission) \$25.00.

We'll gather at Tualatin Fred Meyers at 6:45AM and depart at 7:15. We'll pick up latecomers at the golf course near the drag strip entrance, by 07:35 A.M.

If we line up together at the drag strip gate we can park together in the show.

The Steering Column, A Message from the President

I have missed several Board meetings and Membership meetings recently. For this I give my apologies. The reason this happened is that while planning our family camping trips, for this season, we reserved camp sites without correlating our dates with the CPPC

Meeting Minutes,

continued from page 3

ry Petersen is very impressed with the newsletter. He got a call from someone in Illinois from someone who read our newsletter.

Member Care: Yvonne Westphal was not present, but Bob Westphal reported that Gary Rusher had an accident with a mole trap and blew the top of his index finger off! Donna Bade passed a card around for the members to sign.

Other: Lauren Matley moved to Arizona and will be in the Great American Race.

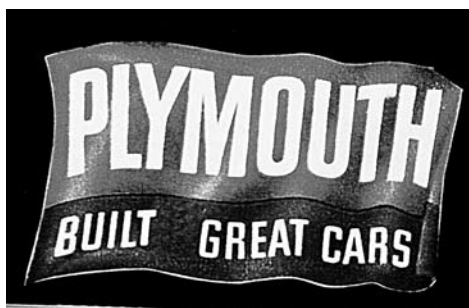

Car Quiz: Don Hufschmid asked three car questions. Tonights winners were; John Stafford and Bob Westphal.

Raffle: Winners were: Patty Brost, Lorraine Griffey, Gerry Petersen, Bruce Kerslake, and Cari Catlow.

50/50: Joanne Dixon was the winner of the \$40.50 share of the \$81.00 brought in at the nights meeting.

There being no further business, the meeting was adjourned at 8:35 p.m.

Don Hufschmid reminds CPPC members that he is available to help with DMV paperwork. Give him a call if you have a question about your car's documentation.

meeting schedule. Canceling a reservation, once it is made, is quite costly so we canceled only those dates that had the greatest effect on the function of the club. Next year we will be more careful in scheduling our camping trips.

I have been attending some local car shows recently and noticed the great difference in quality between these shows and ours. The venues of two shows were quite unusual to say the least (a hospital parking garage and a cemetery). We all should be proud of our car show committee for the fine professional work they do when putting together a show. I'm sure there are still a couple positions that need filling on the Independence Cruise-in work roster. Please Check with Gary Rusher if you would like to help. As you may know, CPPC will not be working with

the Central Lions Club in hosting the Independence Cruise-in in 2015. However, the CPPC members should be able to support the Central Lions event by attending and helping in whatever manner we can while there. There are still a number of CPPC car events left on this season's calendar. Roberson's All MOPAR and MOPAR National Drags are on July 19th & 20th. Our own annual Hot Dog Day is on August 26th and the Columbia Gorge Interpretive Ctr. Cruise on the 30th. Let's try to win the Club Participation award this year! I encourage you to join in the fun with other members of CPPC in attending these cruise-ins.

Happy Touring

Ealy's garage is scene of newest Tech Committee activity

By Randy Ealy

On Wednesday July 9 2014 we welcomed the tech committee to our house to help solve a few problems that Pam and I were having with our 1939 Plymouth convertible.

Chuck Willis, Mike Bade, Bob and Jeanette Dimick, and Jerry Dixon made the trip out to Dayton that day – on Wednesday, to avoid conflict with summer weekend events.

My convertible had some vacuum and engine problems which I thought were solved, but it still ran rough and I was worried it would fail on the road.

After coffee and pastries I showed everyone how the amp meter ran backwards and the gas gauge needle was all over the place, never reading correctly.

The theories began to flow and it was agreed we should look at the battery connection. We found the battery to be connected as a negative ground and it should be a positive ground.

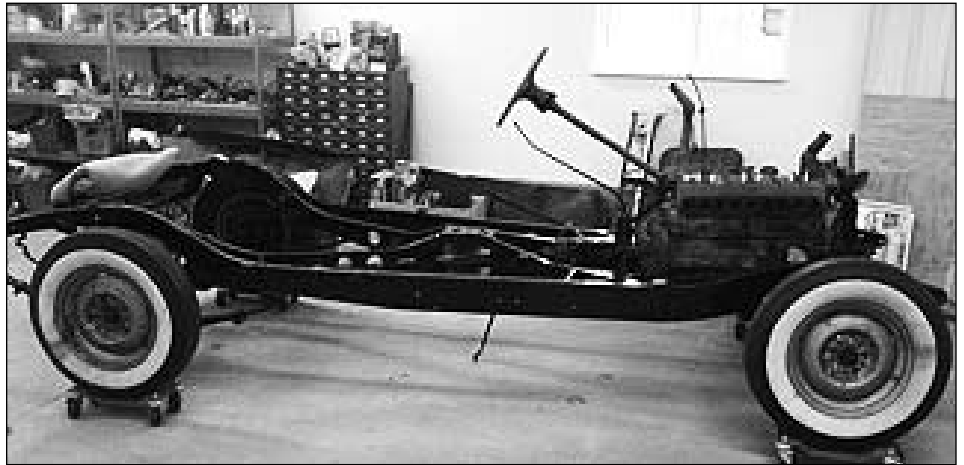

The wires were confirmed with a continuity tester and the battery cables were changed to a positive ground. I started the car and it ran better, amp meter was reading correctly and the gas gauge was not jumping.

Jerry and Chuck checked my plug wires and found a bad wire. They changed the end and now my car purrs like a kitten.

Pam had lunch ready and I barbecued some brats. We all told some great stories and enjoyed our lunch.

The techs offered advice on my other Plymouth, a 1939 humpback, which is currently in the restoration mode.

Thanks to the techs I can drive to the car shows and not worry that I will be on the side of the road waiting for the hook truck to take us on the rest of our journey.

Most CPPC members are aware of the Ealys' 1939 Plymouth Convertible (below left, at the Tulip Festival in Woodburn). But there's another '39 lurking in the Ealy garage: a humpback sedan (above and below). Randy is looking for parts (see his ad on the back page), including some he most likely hasn't thought of yet, so he's interested in talking to other folks who are restoring '39s.

Mayflowers plan July 18 visit to Art Fair

By Mindy Benfield

On Friday July 18th, the Mayflowers will meet at the front entrance area of the Salem Art Festival at 10AM. It is located off of Mission Street in the Bush Pasture Park behind the Bush House Museum. Admission is \$5.00. We will be able to buy lunch from one of the many booths in the park.

This is the largest festival of its kind in Oregon, attracting almost 35,000 visitors from all over the nation in during its three day run. There are various activities including over 200 artists, two food courts, two entertainment stages and two beer and wine gardens.

Over the past 60 years, the art fair has grown and is nationally recognized. It has become a significant part of Oregon's culture.

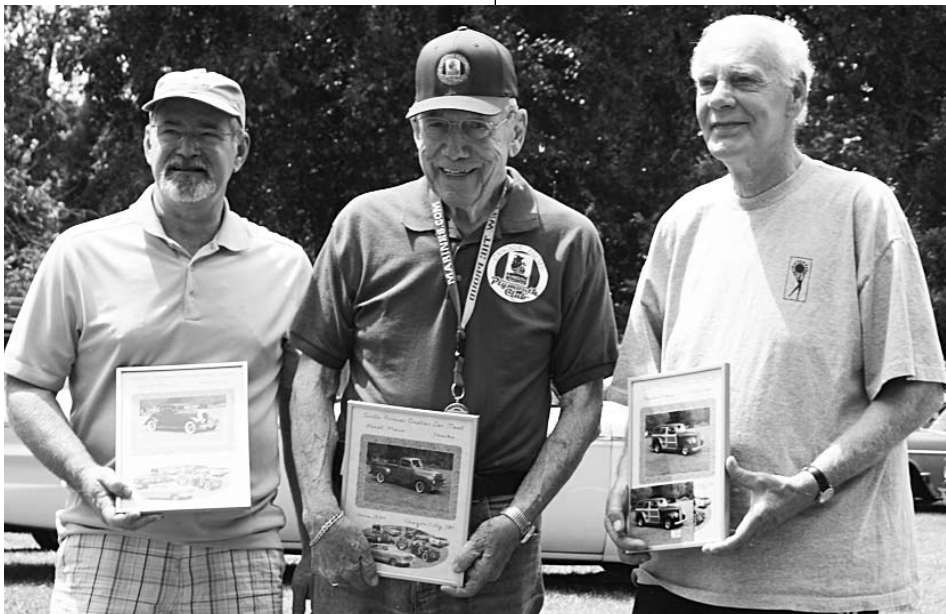

If you want to go on the tour please contact Mindy Benfield. Her email and phone number are in the CPPC roster.

Right & above: June 25th seven Mayflowers went on a volunteer led tour of the beautiful Peninsula Park Rose Garden.

The roses were beautiful and we were taken all around the garden and then Peninsula Park which offers a wide variety of community activities. It was a beautiful park with lots of activities for the kids along with a community center to serve the full community. After the tour the group ventured over the McMenamin's Chapel Pub for lunch.

MAYFLOWERS

The Mayflowers' entire purpose is to get out and visit interesting people and places in the Pacific Northwest. Everyone is free to join in.

Left: CPPC traditionally has a strong turnout for the Orphan Car Show, produced by the Studebaker Drivers Club. This year it was held on June 21. CPPC had 17 members present with 12 cars and took home 3 trophies! Bill Call won in the truck category with his 1957 Studebaker pickup, Mike Bade took 1st place in the '30s category, for his 1933 Plymouth, and Herb Watkins received a second-place award in the '40s class for his 1941 Packard Woodie. Bruce Kerslake said there were 80 cars this year, down from the 100 cars that turned out for last year's show.

BODY SHOP & REPAIRS

Please keep Yvonne Westphal updated about club members who need cards, letters, or phone calls. That's ytomblison@aol.com, or 360-334-6037.

This update from Lorraine Griffey, July 14: Just talked to Barbara Rice and she was awaiting going into surgery to remove her knee implant where they found a serious infection similar to the hepatitis germs. They will be packing it and will have to wait for the infection to clear up before replacing the implant, probably at least six months. They will also test her shoulder which is causing pain to see what is going on there, they tried an MRI but were unsuccessful. This is going to be a long serious recovery so Barbara and Dennis will need our thoughts, prayers, and cards to help them both through this journey.

Since I've been getting calls, I asked Barbara what she wanted everyone to know and she said, "just tell it like it is, I need everyone's prayers".
