## Portland Swap Meet dominates activity roster 'til it's over

Through late winter and early spring, Cascade Pacific Plymouth Club doesn't think about much except Portland Swap Meet.

That happens April 4-5-6 this year, with setup on April 3.

For one thing, it's one of the club's main fundraisers for the year.

For the other – well, it takes lots of work and coordination to make it all happen.

Donations were slow coming in, so the originally scheduled Clean-and-Price day was reset for March 1, 10:00AM at Gary Rusher's place. The Tech Committee – and anybody who wants to help, will sort through the inventory for the swap meet, and clean and price items.

Members and friends with things to donate may bring them to the February or March meetings, bring them out on March 1, or call Gary at 503-939-9320 or Chuck Willis at 503-891-5069 and arrange for pick up.

The group will meet one more time on Saturday March 29th to load all the

items for the Swap meet onto the trailer.

Remember Thursday, April 3rd is Set up Day. The club again has 5 spaces at the meet, so we'll be able to spread stuff out for best visibility.

We usually gain a few new members from the Swap Meet, capturing Plymouth enthusiasts as they wander by. Along with reminiscences about the Plymouth that grandpa used to own, we lots of questions from folks who are working on their cars.

The Tech Committee will be circulating sign-up sheet at the next couple of club meetings, scheduling two-hour

shifts all weekend. Expect to have lots of fun.

The Portland Auto Swap meet opens Friday, March 4 from 7:00 am - 7:00 pm, Saturday from 7:00 am - 5:00 pm and half-day Sunday, 8:00 am - 1:00 pm. Admission is \$7.00 per day at the gate for adults Friday and Saturday, and \$4.00 on Sunday, which is free admission Ladies Day when accompanied by a paying adult. Admission is free for children under 12 all days.

The meet is held at the Portland Metropolitan Exposition Center, 2060 N Marine Drive, Portland OR.

### The need doesn't stop: please donate used clothing

*By Jeanette Dinick,*

*CPPC Public Service Coordinator*

There's an ongoing need for clothing of all kinds at the Downtown Chapel warming shelter.

We gladly accept cash donations which will buy personal items.

There's a demand for dress shirts, slacks and ties for folks doing on job interviews. Guys, this is a perfect chance to thin out that collection of neckties you have been hoarding for years.

Call or email if you have questions about specific needs or program, or if you need help with picking up donations.

*Don Hufschmid reminds CPPC members that he is available to help with DMV paperwork. Give him a call if you have a question about your car's documentation.*

### Bill Call and Joe Pongratz speak at February meeting

CPPC members Bill Call and Joe Pongratz will be speakers at the February 25, 2014 CPPC meeting.

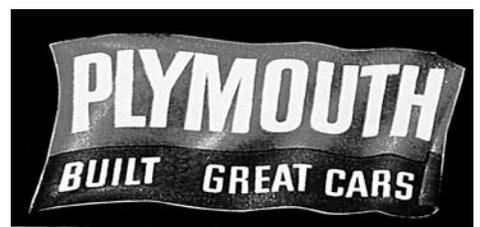

Bill is one of CPPC's founders, and he brings years of experience in the old-car hobby.

Joe Pongratz is currently an employee of Bill's, keeping everything in the collection up, running, and authentic. A great deal of Joe's work has been in the restoration side of the hobby, and naturally, he has a few cars of his own to work on in his spare time. Joe is prepared to talk about work at Bill's Place, and will gladly take questions from the floor.

# The Steering Column, A Message from the President

I have been impressed with the quality and high moral standards of the membership of the CPPC over the four years I have been a member of the club. Many of you are willing to come forward when there is a need and show true concern of fellow members. Also, I have enjoyed serving in my tenure as your President. A President can only function well if he has the support of those he serves with. I give thanks to all those who have served so well with me on the Board and in the club over the last two years. I appreciate the support I have received as your Presi-

dent and it has been a pleasure to serve you. I also appreciate your confidence in sustaining me as your President for another two years. I will try to do my best in serving the club. CPPC's Board of Directors for the 2014/15 is now in place. Randy Ealy replaces Jerry Dixon as Vice President and Dennis Mowery now serves as Member at Large. They both have a wealth of experience and knowledge and will be great assets to the club. On behalf of the Board of Directors, we welcome you both to the Board and look forward to serving with you. The rest of the Board remains in place. Special thanks go to Marlo Edman for his service as Member at Large. He has served the club

well and will be missed at the Board meetings. Jerry Dixon will stay on as Activity Chairman. He has made up an interesting list of events which sounds like a fun season of shows and touring. CPPC is growing. We have five new members who have recently joined us. We welcome and look forward to being acquainted with: Richard Curry (1930 Ply 4Dr Sedan), Mark & Kim Childs (1968 Ply Fury Wagon), Logan Call (1941 Ply Pickup), Thomas & Filamena Rothschild (1972 Ply Satellite), Joseph Pongratz (1969 Ply Roadrunner +).

Happy Touring

## Local trivia question goes national: Is this a 1929 Plymouth?

By Robin Will

Here's an interesting question – and picture – that came to us through CPPC's website.

These items came via the world wide web from clear over in Milwaukie, Oregon, which gives them local interest as well as showing us a little-known part of Plymouth's history.

The question was: "Is this a 1929 Plymouth?" accompanied by a picture of a vehicle that was completely unfamiliar.

They came from Jerry Johnson, who is collecting a history of P&C Tools, which operated in Milwaukie through the 1970s. He wrote: "I received the photo from T. Peterson, the grandson of one of the co-founders (John Peterson). The other co-founder was Charles Carlborg ... my great uncle."

The answer takes us back to the early days of Chrysler Corporation, when three new products lines were announced at once, in 1928: a low-priced car named Plymouth, a slightly more expensive car called the DeSoto, and a line of light trucks, called the Fargo.

But 1928 was also the year that Chrysler – surprisingly – engineered the purchase of the Dodge Brothers empire. Dodge had an established line of trucks that competed with Fargo, so the Fargo brand quietly went away, to apply only to Canadian-built trucks and other export models after 1931.

We found enough information and pictures at allpar.com to establish an

### The word is *champlevé*: get those emblems repaired!

Here's some info from Joe Pongratz.

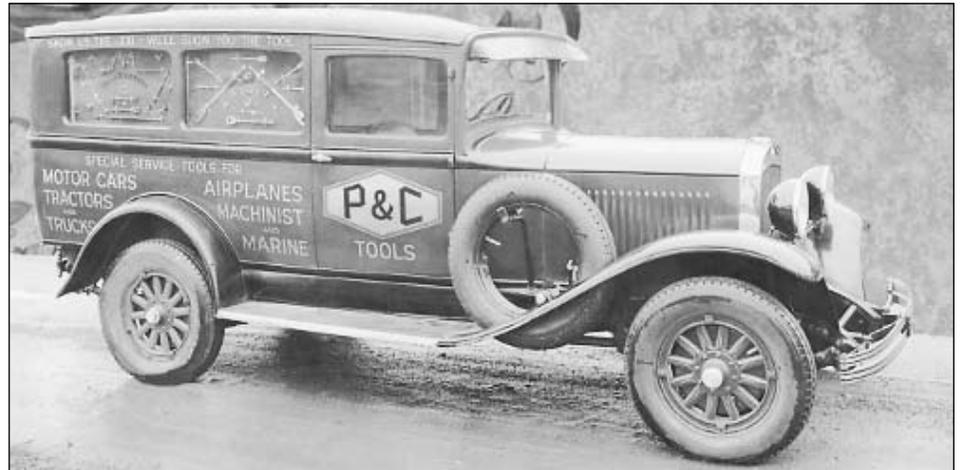

"The 1936 Plymouth emblems look like

cloisonné, but the process is technically called *champlevé*. Charles Conway, Conway Technical Service, repairs them.

Address is P.O. Box 1475, Sagamore Beach, MA 02562. Phone 508-833-9930 or 617-877-1538.

His price is very reasonable and his turnaround is 3-5 weeks. "

**LOOKS LIKE A MATCH** – aside from visible door hinges and bumper detail, the mystery vehicle from P&C Tools in Milwaukie definitely resembles the 1929 Fargo Clipper illustration on allpar.com (below). National POC Bulletin editor Lanny Knutson concurs.

identification – tentatively, not totally. However, Lanny Knutson, editor of the National POC Bulletin, enjoys this sort of question, and was able to weight in:

"I am quite certain you are right, it's a '29 Fargo Clipper. Don Butler's book, *The Plymouth and DeSoto Story*, carries two pages (pp24-25--also '30 models on pp32-33) of photos and commentary on the '29 Fargo. The first caption notes that the vehicles were a compilation of Plymouth, DeSoto and Chrysler 65 parts. That may explain the variance in bumpers and door hinges. Variance may also be due to differences between

what is shown in artists' renderings compared to actual photographs."

Fargo trucks were around for such a short time, in the USA at least, that very little information has survived. We rely on published specs and brochure renderings, and Jerry Johnson's photo is a rare look at the real thing.

## Before we sell them online – look at Don Turner’s model collection

When Don Turner started downsizing, one thing that had to go was his collection of 1/32nd scale model cars.

Rather than try to sell them himself, Don donated them all to CPPC.

Jerry Dixon has put time and research into establishing the values of the various models, and he has come up with the following price list. He'll be selling them online, but consensus of the CPPC board is that we should offer them to members first. Call Jerry for more information.

All the cars are National Motor Museum Mint, 1/32nd scale, new in the box with Certificates of Authenticity.

# MAYFLOWERS

The Mayflowers' entire purpose is to get out and visit interesting people and places in the Pacific Northwest. Everyone is free to join in.

## March 19th – The Garten Foundation, Salem

The Mayflower event for March 19th will be a tour of the Garten Foundation electronic recycling plant in Salem, OR. This is one the men would also be interested in. They disassemble and recycle electronics. It also is a good environmental example of the amount of waste we produce. They hire the handicapped and have a store that sells used parts etc. It is located in a huge old cannery building, tour is about an hour. Closed toe shoes are required and dress warmly. Date is March 19th, time 10:30 am, address 3334 Industrial Way NE Salem. Lunch to follow. Contact Mindy Benfield to sign up.

## April 16th – Lavender Bleu Gift Shop & Tea Room

The Mayflowers are going to visit the LAVENDER BLEU GIFT SHOP AND TEA ROOM in April. Lavender Bleu is located in the historic Willamette Area of West Linn, just off of the I-205 Freeway. They have a High Tea that is every 'bite' as good a La Tea Da in Tillamook especially because it is much closer to home. They also have a wonderful gift shop! There is a quilt store close by and some other cute shops to peruse in the area.

The tea room seats 32 inside and reservations are strongly recommended for a large group. The room is usually filled to capacity. The web site is [Lavenderbleuonline.com](http://Lavenderbleuonline.com) for those of you that wish to look at the menu and pictures of the tea room.

We are asking those that want to go, to pay a \$10 deposit to reserve your space. The date will be Wednesday April 16th, 2014 at 11:00 AM.

Please make your payment to Mindy Benfield either at the February 25th or March 25th meeting. There will be a sign up sheet and directions at both meetings. You can also mail a check to her no later than March 31st. Her address is in the roster.

## BODY SHOP & REPAIRS

Please keep Yvonne Westphal updated about club members who need cards, letters, or phone calls. That's ytomblison@aol.com, or 360-334-6037.

Les and Nancy Conner are getting along about the same. He is using his walker to get around but would like to come to the meetings if they could get a ride.

Don Ryan has been down with pneumonia but is doing much better now.

Bill Marble is on his way to recovery from pneumonia and is on his way for a business trip.

Beth Pierce is dealing with the side effects of her treatments with good and bad days. Greg said he plans to be an active member when his life gets better and they are able to come.

Bob Westphal had successful cataract surgery on both eyes. He said it is the first time he can really see in 74 years.

I have not received any other calls of emails about breakdowns or other problems, so I hope you are all doing well.

Please remember the cards and phone calls to those in need. Everyone really appreciates your thoughts.

## Additional club activities up for discussion

By Robin Will

As Jerry Dixon noted at our last membership meeting, there are several things pending that might make good club activities.

We learned from the Studebaker Club that there's a **PT boat, open for tours**, on Swan Island. We'll find out what the schedule is like, and see who wants to go.

The WAAAM (Western Antique Aeroplane and Automobile Museum, Hood River) holds their big Traffic Jam and Mosier Tunnels Tour on July 12. Tunnel Tour is restricted to cars 1949 and older (the year the tunnels closed), but members can buddy up for the ride through the tunnels, and WAAAM operates full-tilt for most of the week-end. Maybe CPPC can try to attend as a group.

We're considering attending the Brooks Steam Up on Aug. 2, jointly with the Studebaker Drivers Club.

Later in the autumn would be a good time for a Covered Bridge Tour in the Willamette Valley.

If we can find enough support for a group effort, we'll get information out via email blast, and see how many Plymouths we can line up for the trip!

## Plymouths: Real and experimental

*1994 Plymouth Expresso: The Plymouth Expresso was a compact concept car by Plymouth. Its toy-like appearance (seen on rear-view mirrors, hubcaps, windows, and overall design) may be one of the reasons why it never went into production. The Expresso name however was used again as a trim package on the Neon, the Voyager and the Plymouth Breeze.*

*1988 Plymouth Slingshot: The Slingshot was targeted at the young people of the 1990s. It was designed as part of a series of three sports cars from Chrysler (along with the "Big Shot" and "Hot Shot"). The Slingshot features a mid-mounted, 2.2L DOHC inline-four engine, with twin cams, 16 valves, and an intercooled turbocharger.*

CPPC members generously send in Plymouth trivia when they run across it, and space permitting, it gets shared in the newsletter. Here are a couple of Plymouth concept cars that never made it to production – the Expresso probably because it was just too funny-looking, and the Slingshot, we're guessing, because real people didn't fit inside it. The email also turned up a nice ad for the 1937 Plymouth Westchester, which was built on the PT50 truck chassis. Glass side windows were an option!

## CPPC jackets, caps, and workshirts

CPPC member Joey Jones is now taking orders for jackets, shirts, and caps embroidered with CPPC's logo.

Jacket is the letterman style with CPPC logos on back and left breast, for \$110. Twill cotton or stretch caps with logo, \$20 each. Long Sleeve Denim Work Shirt, wCPPC Logo over Pocket - \$32.00.
